Change Email Address

The information that is reflected in the list that the Office of Medical Marijuana Use is statutorily mandated to publish of all physicians who have completed the required training, as well as the Medical Marijuana Use Patient Registry, is automatically populated with the information located in physicians' practitioner profiles. Specifically, it is pulled from the primary practice location and phone number fields.

The only way to change the information that is included in those automatically populated fields is for you to change the information listed within your practitioner profile. The practitioner profile can be updated by going to [www.flhealthsource.gov](http://www.flhealthsource.gov) --> "Provider Services" --> "Update Profile"

If you have any trouble navigating your practitioner profile, please contact MQA Licensure Services at 850-410-2211 or you can email their office at [MQAOnlineService@flhealth.gov](mailto:MQAOnlineService@flhealth.gov).

Enter your new email address.

Click "Change Email Address."

**Important note:** You are only permitted to change your email address associated to your Medical Marijuana Use Registry Profile. All other information reflected on this page is automatically populated based on the information contained in your MQA Practitioner Profile. As such, this information may only be changed by contacting MQA Licensure Services at 850-410-2211 or [MQAOnlineServices@FLHealth.gov](mailto:MQAOnlineServices@FLHealth.gov).
